

# Download the Overdrive App

You can use the FREE OverDrive app (available in all major app stores) to borrow and download digital books and audiobooks.

**Step 1** -Install the OverDrive app from your device's app store or from [app.overdrive.com](http://app.overdrive.com).

**Step 2** -In the app, select **Sign up** and create an OverDrive account. This is different than your student ID. \*An OverDrive account enables you to download and sync EPUB eBooks on multiple devices. You only need to do this once.

**Step 3**– Search for and save Lemon Bay as your library in the OverDrive app.

**Step 4**- **Tap on Lemon Bay** to open our OverDrive collection, sign in using your student ID, and borrow a book.

**Step 5** - Borrowed books appear on your Checkouts page (under your Account). From there, select Download or Add to app to download the book to your app bookshelf.

When you download an ebook, you usually have the choice of Kindle book or EPUB. EPUB download puts the book on your **Bookshelf** in the app and you can read without being connected to wifi or data.

**\*\*Account settings**– default lending period is set to 14 days. If you would like to change it to 21, go to your account settings and change it before you borrow a book.

**\*\*Books will return themselves after the loan period ends. Never any late fees! You can renew a book or check it out again any time.**
