

AP American Government 2018-2019

Welcome to AP American Government and Politics. This class will involve rigorous work and serious class discussions on past and current political topics.

Below is the AP course description:

About the AP U.S. Government and Politics Course AP U.S. Government and Politics provides a college-level, nonpartisan introduction to key political concepts, ideas, institutions, policies, interactions, roles, and behaviors that characterize the constitutional system and political culture of the United States. Students will study U.S. foundational documents, Supreme Court decisions, and other texts and visuals to gain an understanding of the relationships and interactions among political institutions, processes, and behaviors. They will also engage in disciplinary practices that require them to read and interpret data, make comparisons and applications, and develop evidence-based arguments. In addition, they will complete a political science research or applied civics project.

During the summer you will have two assignments they will be posted in our Google Classroom. Our classroom code is **4arf05**. I look forward to a challenging and productive year.

Thank you,
Coach Casale
